OGDEN.

SUNDAY, May 1, 1892.

CATTLE CONGRESS

Holds Its Second and Last Day's Session.

Resolutions Touching Oligarchy—The Resolutions—The Long and Short Haul and the Stock Register Adopted.

The Cattleman's congress was called to order at 9:30 by Chairman North. The cattleman was a little slow about getting in, and the attendance was quite small when the gavel fell on the president's office table, but the delegates were soon after found in their places ready for business.

Mr. North said that a great deal of business was to be transacted and suggested that short speeches be in order.

Mr. Carwell, of Oregon, moved that the congress proceed to permanent organization by the adoption of a constitution and by-laws and the election of permanent officers.

Mr. Mercer, of Wyoming, said he had attended a meeting of a caucus the previous evening, and the matter for consideration was whether the congress should be a meeting of to-day or that it should extend into the future. The idea was to have it extend down into posterity if possible.

Mr. Ridgely, of Oregon, moved that the committee on constitution and by-laws be asked to work and report as soon as possible.

The next order of business was the introduction of resolutions.

Mr. Waite, of Kansas, moved that all resolutions referred to the committee on resolutions.

The chairman of the committee, Mr. J. C. Leary, being compelled to leave the city, Mr. Ed. Swan, of Salt Lake, was appointed in his place.

Mr. Ridgely stated to the members of the congress that one of their most active workers had the misfortune to lose his pockets picked, and all the money he had taken while on the way to the Hot Springs, Captain Justus Wetherill. He moved that when the proper time came that a committee be appointed and a collection taken to reimburse him, as he was on duty when he met with the misfortune.

The following resolutions were offered and referred to the committee on resolutions, and reported on favorably.

By Mr. A. E. Mercer, of Wyoming, relating to

Whereas the following bill has been introduced in the House of Representatives at Washington, viz:

"Be it enacted, etc., That all oligarchies, as defined by section two of chapter eight hundred and forty of the laws of the Forty-ninth Congress, transported into any state or territory, or remaining therein in connection with or storage therein, shall upon arrival at such state or territory be subject to the operation and effect of the laws of such state or territory enacted in the exercise of its police powers to the same extent and in the same manner as if such state or territory had been produced in such state or territory, and shall not be exempt therefrom by reason of being introduced therefrom by any person or persons."

Resolved, That the secretary of this congress send a copy of these resolutions to the speaker of the House of Representatives and to the chairman of the committee of agriculture.

Mr. Mercer said, in support of his resolution, that there is now pending in Congress what is known as the Hatch bill, which has been reported upon and is now upon its passage, which the cattleman of the entire west want to see wiped out.

Mr. Mercer said it was clear that the cattleman of the entire west are in favor of the dairyman against the beef producers. By the adoption of this bill and the destruction of the oligarchy industry, there will be a saving to the cattleman of this country \$100,000,000, in fact a total loss.

The resolution was adopted with only one dissenting vote.

Mr. Mercer also introduced a resolution, which was accepted, relating to

Whereas, Sensational statements have of late come out through the press to the effect that the stockmen of the range have generally opposed the settlement of farmers and small stockmen, and that they have oppressed them, and

Resolved, That the cattleman's congress in session assembled, that honest men desiring of settlement in the range are not to be worried to come and settle on such lands as are worthy of settlement, and the members of this congress hereby pledge their protection to all such persons.

Mr. T. S. Starr was permitted to read a resolution which was referred to the committee on constitution and by-laws.

The question of a permanent organization was taken up by D. Van Buren. He was of the opinion that the delegates were acting prematurely in offering to make resolutions at this time. He thought it was entirely out of order to offer them until a constitution and by-laws were adopted.

Mr. Mercer said that the congress has now a permanent organization, that it had been perfected on Friday. A committee on constitution and by-laws had been appointed, and when they report the congress can then determine whether it will continue in the future.

Colonel Savage, of Omaha, and Judge Patton, of Ogden, took practically the same view of the question as Mr. Mercer. The chairman thought the question had become perfectly clear, and the reading of the resolutions was resumed.

Colonel Savage introduced the following resolution regarding

Whereas, A very serious condition of affairs exists between the cattleman of northern Wyoming and the rustlers, or thieves, therefore, be it

Resolved, That the members of this congress hereby under their fullest sympathy and support to the legitimate cattle owner, whether they are large or small, of the disturbed section, and express a hope that an early adjournment of this congress may be effected on a basis of equal and full protection of life and property to all honest men, to the end that that peace and harmony and prosperity may again prevail throughout the land in this our honorable calling.

The resolution was adopted.

E. R. Ridgely, of Ogden, offered a resolution of thanks to

out the states and territories here represented by their governors and able assistance in making this congress a grand success, and we pledge to them our continued good will and respect for their assistance in perpetuating this congress. The report was duly accepted.

Another resolution, introduced by Mr. Ridgely, was for the establishment of a universal

STOCK REGISTER.
Whereas, There is a growing necessity for the adoption by this congress of some means by which a greater protection to stockmen against theft and the straying away of stock and

Whereas, One of the best means offered for said protection would be the adoption of a universal stock register or directory, to be published in separate volumes in each district, the whole of said volumes to be filed with the secretary of the permanent organization; and

Whereas, A form for said stock register has been submitted to this congress by E. Carroll & Co., of Union, Union county, Oregon, therefore be it

Resolved, That the universal stock register be submitted by said E. Carroll & Co. to be adopted by this congress.

That each and every stockman within the territory comprehended by this congress, who have not already said register or a similar register recommended to encourage the publication of the register by their subscription therefor.

Referred to the executive committee.

Mr. Frank Cooper, of Kansas City, submitted a resolution protesting against the long and short haul clause of the

INTER-STATE COMMERCE LAW.
and asking for its repeal.

Whereas, The clause known as the long and short haul clause in the interstate commerce law works an injustice to the live stock industry of the far west, and with no corresponding benefit to any of us, therefore be it

Resolved, That this congress place itself on record as opposed to said clause in said law, and that we use our influence upon our representatives in the congress to accomplish the repeal of the same.

The long and short haul clause of the interstate commerce law caused considerable discussion.

Mr. Mercer thought the matter was something that should not be passed over hurriedly, that the members of the congress should know what they are doing when they vote.

Mr. Cooper, of Kansas City, the author of the resolution, defended it. He said that as far as Kansas City was concerned, it would not receive any benefit under the provisions embodied in the resolution. But he was certain it would certainly be an aid to the portion of the country. The resolution was unanimously adopted.

An adjournment was taken at 12 m. until 1:30 p. m.

AFTERNOON SESSION.
Shortly before the time for re-convening, Kent's military band rendered several selections, and at exactly the appointed hour the congress was called to order.

The chair announced that the cadets of the military academy were in readiness to give an exhibition drill in front of the opera house.

An adjournment was thereupon taken for half an hour.

A vote of thanks was voted by the congress to the military academy for the excellent exhibition given them.

Aquilla Nebeker moved for the suspension of the rules, and the necessity of referring all resolutions in order to facilitate business, and introduced a resolution for the

PROTECTION OF THE RANGE.
Whereas, It is a well known fact that cattle herds cannot range on land occupied by sheep and horses, and no regulation governing either or any of these industries on the range; and

Whereas, Certain conditions render a source of ill feeling and strife between these industries; therefore be it

Resolved, by this congress that we place ourselves on record as desiring congress to enact laws that will protect the range, and that the same elements of protection to the farmer, manufacturer and merchant now possessed in the market be maintained, making it possible for these industries to be protected in their respective occupancy of the range.

Adopted.

Judge A. B. Patton, from the committee on permanent organization, was called for and made a report. The committee suggested that a permanent organization be known as the "Inter-mountain Stock Growers' association." The report was adopted.

Mr. Ridgely offered another resolution providing for stock registers.

Whereas, There is an urgent necessity for better facilities for protecting stock against the loss of stock by theft and straying; therefore, be it

Resolved, That each local district shall provide a register of all stock brands used by the members of this organization in their district, and that the same be filed with the secretary of this association. Adopted.

J. E. Carroll, of Oregon, offered a resolution to assure the exhibition of range cattle at the World's Fair.

Whereas, No positive action has been taken by the Board of Range Cattle Exposition, in the matter of offering premiums on live stock not of pure breeding; and

Whereas, Certain stock represented in the matter of showing live animals, therefore be it

Resolved, That it is the sense of this congress that the public domain should be made subject to the land laws of the United States, less a small area of 160 acres to each Indian on said reservation. Adopted.

Mr. B. H. Simpson, of Nebraska, moved that the resolutions adopted by the cattleman's congress be forwarded to the chairman of the national committee of agriculture, and that be asked to embody them in his report for 1891. Carried.

The chair then called on Mr. Nebeker and Ridgely to take up a collection to make good the loss which befell Captain Wetherill. They reported they had collected \$20.00, which was given to the captain, who thanked the members of the congress for the assistance they had rendered him, and stated if such a misfortune befell any of the delegates he would be one that would cheerfully drop a sack of flour to the aid.

Mr. Savage then moved that the officers elected Friday be declared the unanimous choice of the congress, by acclamation, the permanent officers for the ensuing year as far as they go, in accordance with the constitution and by-laws. The motion was unanimously carried.

Mr. Savage moved that the delegates from the states and territories not represented with a vice-president proceed to select a representative. Carried.

PERMANENT OFFICERS.
The permanent officers as selected are: President—Orlando North, Nevada.

PARK CITY.

SUNDAY, May 1, 1892.

SILVER CLUBS.

One is to be Organized at the Park—Mining and Other Matters.

The weather is delightful, and May day is very auspiciously ushered in.

Mr. P. C. Bowman, of Salt Lake, supreme deputy organizer of the Knights of the Ancient Egyptian Order, is in the city for the purpose of organizing a branch of that lodge here, and from present indications it will soon be started.

The military company is an undoubted "go." The boys who have signed the roll (and there is a large number of them) all declare themselves as being willing to stay with it and make it a success.

The question of silver clubs has been the subject of much talk. Colorado has several of them with headquarters at Denver and all are thriving. Park City will soon be in the ring. A number of prominent gentlemen connected with mines have been corresponding in regard to the matter, and as a sequel a call has been issued for all interested to meet next Friday evening.

The question of silver clubs has been the subject of much talk. Colorado has several of them with headquarters at Denver and all are thriving. Park City will soon be in the ring. A number of prominent gentlemen connected with mines have been corresponding in regard to the matter, and as a sequel a call has been issued for all interested to meet next Friday evening.

The rock for the new Park City bank building is now coming at the rate of three cars a day over the Utah Central and is on hand at the Grindstone quarry, at what is called Grindstone.

Mr. Jennings, who has a quarry just below the city, and who has secured a contract for the furnishing of stone to the city and county building Salt Lake, is shipping rock down, via the Utah Central road, at the rate of about six cars a day.

The Ontario mill shipped last week forty tons of building material, containing 24,750 lb. fine once silver.

During the past week, the Park sampler disposed of:

Onario ore..... 665,000
Day ore..... 512,125
Anchor concentrates..... 1,834,400
Mayflower concentrates..... 23,000
Total..... 3,834,525

The work in the DeLorge shaft has been, owing to the surface water encounterer, shut down, but operations will be soon resumed.

Trotman, the murderer, is still alive, and his fall to live some little time longer.

W. W. Mackintosh went to Salt Lake yesterday morning.

Joe M. Cohen came yesterday.

A. H. Ensign went to Salt Lake last evening.

It is now an assured fact that the Crescent mine, which has been producing some fine fine plants and flowers recently received from the east, will be evidently subjects of great admiration. Arrangements have been made to place the restaurant, for a lunch upper and ice cream, which will be served upon at about the hour of 12 o'clock, tonight.

The DeLorge shaft has been making a tour through the vicinity and doing fairly well.

LOGAN.
SUNDAY, May 1, 1892.

IN THE MISHES OF THE LAW.

Real Estate Transfers—Theatrical and Other Amusements—Personal and General.

The case of J. C. Jensen, who was arrested for petit larceny, came up in Commissioner Fletcher's court. It is alleged that while Ole P. Eklund was in a semi-intoxicated condition that Jensen, under the pretense of getting a match from his (Eklund's) pocket, took \$10.00 in cash. The case was deferred until Tuesday.

A complaint was filed against Martin Fink on the charge of disturbing the peace.

In Judge Goodwin's court the case of Trotman, the murderer, was continued until the 5th of May.

Real estate transfers yesterday were \$1,100.

The Elk Jubilee singers were at the Theater Opera house last night. Only a fair sized audience listened to the programme, which was only rendered. It was an event which will be long remembered by the music lovers of Logan.

There is to be a grand masquerade ball at the Palace dancing hall next Friday, May 6. Harris' well known quadrille band furnishes the music.

A fine mare, the property of Ernestus Trotman, for sale. The mare is a bay, four years old, and has been trained for a long time. She is a fine specimen of the breed, and is a very good worker. The price is \$400.00. The owner is Mr. H. H. Tustin. The mare is now in the hands of the liveryman.

SUGAR HOUSE NOTES.

Democrats at the Ogden Convention—Moore's Park—A Stone Wall Wanted.

Sugar House will see that her quota of delegates will be fully represented at the convention at Ogden on May 14. We have been somewhat inactive of late, but the woods will howl ere long with genuine Democracy. A grand Democratic rally of our party will be called some time in May or the early part of June, to be held at Moore's park in Sugar House. Arrangements are being made to cure two able speakers from Salt Lake, two from Ogden and two from Provo. The best of music will be on hand and the many Democrats of this section will have another opportunity of showing their devotion to the cause of Jeffersonian Democracy. Due notice will be given as to the date of this gathering.

The Pacific Lumber and Building company, which is also manager of the new Alma Electric, is working at full capacity, with prospects for a good season's run.

Sugar House is going to have her streets sprinkled this season. Tanks are being erected and piping laid for the same.

Smoot's park has undergone some needed improvements and promises far to have a very successful season. The many conveniences are unexcelled by any in the country and nothing can prevent this from becoming one of the most popular resorts of the territory.

A petition was put in circulation only a few days ago to raise funds for the purpose of erecting a stone wall in front of our meeting house, a necessity long felt. This, with the other improvements, is now in progress and up to the second story, will make a beautiful front and a credit to the ward. Several new streets have been opened up and grading done, which has put new impetus to realty and building. Sugar House is sure to become the most attractive and beautiful environ of Salt Lake.

PAYSON POINTS.
Dramatic and Musical—Schofield Suit for \$20,000—Other Items.

Johnson Brothers' dramatic company rendered the sterling English drama, "The Ticket-of-Leave Man" last night at the Payson house. The play was well sustained throughout. Bob Brierly was excellently portrayed through the entire piece by Mr. W. O. Don, who it is said has personated this character many times, and evidently has studied well to make a hit, and succeeds. Hawkshaw, by Aaron Johnson, was well done, as also Moller Moss by Mose Johnson. Some new sparkling wit was introduced in the character of Mr. W. O. Don by Miss Annie Kennedy, with grandiloquence. Wiloughby, through which scenes they appeared were well and nicely carried out. Peter Ehler played May Edwards in an effective manner. The play was a success and was the best our Springville neighbors ever put on our boards, and deserved better patronage. But it is the scarcity of money and hard times; Payson people usually flock to theatrics, performance, and are lovers of the stage, but our Home Club is not doing anything at present for the reason it does not pay expenses. We do hope John Brothers will not be discouraged, but pay us frequent visits and keep us alive.

PROVO.

SUNDAY, May 1, 1892.

AMUSEMENTS.

The opera house has been engaged for the appearance of the Park City Jubilee singers, of Nashville, Tenn., on Friday evening, May 5. The vocalists are a company of dandies who present a weird and novel style of low cabin costume and singing which has been well received throughout the United States and Europe.

The artists are Mrs. Maggie L. Porter, solo and vocal director; Mrs. Ida M. Taylor, soprano; Miss Ida Griffin, contralto; George Barrett, first tenor; Charles W. Payne, second tenor; N. Caldwell, accompanist; H. C. Guy, accompanist. The company consisted of some ten persons.

The Cosmopolitan hotel is being carried on by David Johnson and K. Thomas, the European plan, pending the installation of a suitable lessee.

The most elaborate preparations are being made for the May ball to-morrow evening at the Provo opera house. The decoration committee are exercising their artistic tastes and vital forces to make a grand embellishment of the ball, which will call forth the highest praise from the guests.

Mr. Blomquist, proprietor of some very fine plants and flowers recently received from the east, will be evidently subjects of great admiration. Arrangements have been made to place the restaurant, for a lunch upper and ice cream, which will be served upon at about the hour of 12 o'clock, tonight.

The DeLorge shaft has been making a tour through the vicinity and doing fairly well.
